That Student PP would also be required to successfully complete a counseling program that focuses on anger management, developing good decision-making skills, and self-esteem. That Student PP shall be considered to have completed the period of expulsion by meeting the above conditions by the end of the spring semester of the 2012-2013 school year, May 30, 2013.

E. REVIEW OF AGENDA – For Consent Agenda item Educational Services, 2a, El Camino field trip, the teacher has been changed from SeaAnna Patrick to Paulina Fayer. Also, in Action Item Business Services, 3c, Approval of design architect contract, Swinerton provided the Board with revised pages 119 and 120.

F. RECOGNITION AWARDS – Trustee Maurice Goodman recognized Los Cerritos Elementary School volunteers Kristina Anderson, Monica Burke, Dohna DeMorest, Dyann Madrid, Babita Singh and Lisa Ugalde.

G. PTA COUNCIL REMARKS – None

H. STAFF ASSOCIATION REPRESENTATIVES' REMARKS -

South San Francisco Federation of Adult Educators – None

South San Francisco Classroom Teachers Association – Vice President Danny Yanow spoke in opposition to the "Race To The Top" Federal grant. He said it is unfair and leads to States competing for funds, creating winners and losers. Mr. Yanow also expressed his opinion that linking test scores to teacher evaluations would create inequality for District teachers. He urged the Board to boycott and not apply for this grant.

California School Employees Association Chapter 197 – President Jolene Malfatti told the Board that CSEA is continuing phone banks in support of Prop 30 and against Prop 32 until November 7. She thanked everyone who participated in the Chevy's fundraiser. Ms. Malfatti said Assemblymember Jerry Hill gave a moving speech at the CSEA Back to School meeting. She also welcomed back Trustee Shirlee Hoch.

I. PERSONNEL COMMISSION – Assistant Superintendent Jacqueline McEvoy reported that the commission met on Tuesday, October 16 and reappointed Napoleon Garcia to the Commission effect December 1, 2012. She said the Commission has changed the start time of future meetings to 7 pm as the earlier 5 pm start conflicted with CSEA meetings. The next Personnel Commission meeting is scheduled for November 20.

J. ITEMS FROM BOARD – None

K. SUPERINTENDENT'S REPORT

a. Board and Superintendent retreat –
The Superintendent recommended a Superintendent/Board retreat be held on either December 8 or December 15. This retreat will be held in the District Office Board Room from 8:30 am to noon. He and President Judy Bush will develop the agenda to focus on strategic planning and Superintendent/Board relations. President Bush suggested a later date instead and the Board agreed on a tentative date of January 12, 2013.

- ASB Reports
  - Mikka Yamamoto, ASB President, El Camino High School, highlighted recent and upcoming events on campus. October 1 thru 5 was Homecoming week with a rally and dance. Classes bonded and supported each other with spirited events. October 5 was World Teacher Day during which the ECHS band played. A very successful car wash took place on October 6. A week of non-violence was held October 8 thru 12 and "Coming Out Day" was observed. October 19 was Pink Day to commemorate breast cancer. The "Making Strides Walk" took place on October 20. College and Career Week was held October 22 thru October 26. The counseling department organized a college fair on October 25 which was a great experience for students with 36 schools represented. ECHS is getting ready for Halloween activities. In conjunction with the Golden State Warriors the school is selling tickets to benefit the Seniors' grad trip to Disneyland.
  - There was no ASB report for South San Francisco High School.

L. COMMUNICATIONS - None

M. PRESENTATIONS

1. EDUCATIONAL SERVICES

a. Teaching and learning presentation:
Los Cerritos Elementary School

Superintendent Hogan introduced Principal Kennelyn Celeste of Los Cerritos Elementary School. Ms. Celeste shared, with the Board, the following information about her school:

<u>API scores</u>:
- Have grown from 738 in 2007-2008 to 821 in 2011, which represents an 83 point growth in those four years.
- A dip in the steady growth occurred in 2012 to 814 points. Faculty is analyzing the reason which could be due to the transient rate with a high percentage of students transferring out from the site.

AYP scores:

- ELA (English Language Arts) scores have steadily increased from 2008-2009 to 2011-2012. The combined Advanced and Proficient scores have risen from 30.56% to 53.52% during that time. An 8% increase occurred in the basic level.
- Math scores have seen the same trend as ELA and increased from combined Advanced and Proficient levels of 43.21% in 2008-2009 to 70.43% in 2011-2012.
- For ELA Hispanic/Latino is the largest significant subgroup with 100 students. The White and Filipino subgroups are performing better than other subgroups.
- In Math a racial achievement gap for the Hispanic/Latino subgroup exists. The site needs to increase the level of parent involvement.
- The number of students that met AMAO 1 (EL students making annual progress) has increased due to staff efforts. 120 students have moved up.

- CST ELA Proficiency level:
  23 students have moved up one or two levels.

Ms. Celeste reviewed the District's initiatives for learning. She outlined progress being made in the strengths, challenges, monitoring, growth plans and SMART goals for the school in the areas of:

- Adoption progress
- Explicit Direct Instruction progress
- Academic Conferences/Professional Learning Community
- Data Director

Principal Celeste concluded her presentation by highlighting Los Cerritos "signature practices" of: teacher collaboration, parent involvement, response to instruction and intervention and a shared belief that all students can learn.

Trustee Liza Normandy asked why SMART goals are not set at 100%. Ms. Celeste said the goals, during her first year as Principal, are planned at 80-90% due to concerns with two Special Education teachers who do not have common benchmark assessments. The goal next year will be 100%.

2. BUSINESS SERVICES

a. Measure J/Phase II and Phase III Master Plan (2013-2015)

Superintendent Hogan provided the Board with information on Measure J Phases I, II and III, as follows:

Phase I summary

- Starting revenue balance = $63,000,00

- **Total expenditures for Phase I = $28,500,000**
    - Included Chevron projects, program costs and technology updates.
- July 2013 revenue of +$30,000,000
- **Remaining balance of $64,500,000**

Phase II (October 2012 – August 2015)

- Starting balance of $64,500,000

Items A $25,500,000 and **B Modular Units and Infrastructure,** $8,000,000. Includes the removal of 106 portable units and the construction/installation of 74 modular units throughout the district.

Item C Playground Structures: $3,726,169 All nine (9) elementary sites will be enhanced with new playground structures. The Superintendent is recommending Miracle Playsystems to be the company selected for this project.

Item D Seismic Improvement: $5,000,000 allowance for improvement related to earthquake safety. The funds will be utilized as construction/renovation occurs at each site.

Item E Athletic Fields at both high schools: SSFHS $5,074,000 and ECHS $4,074,000. Staff is recommending the completion of phase 1 and 2 on the Beals Alliance report.

Items F, G, I, J New School or Renovation Design for Buri Buri, Parkway Heights, SSFHS, and Martin: $6,200,000. During Phase II the design plans for these projects will be completed and submitted to DSA (Division of the State Architect) in anticipation of their approval so construction and renovation at those sites may begin during Phase III.

Item H Parkway Infrastructure: $1,773,831. This is the anticipated cost to have the site ready for the Green Schoolhouse Series grant.

Item K Ramp at Spruce Elementary: $600,000. This ramp is rusting and will need to be replaced to assure the safety of students, staff and the public. This ramp does not currently meet ADA standards.

Item L Furniture and Equipment for all Modular Units: $1,800,000.

Item M Program Cost Phase II: $3,000,000. This is the anticipated amount of money needed to meet the planning and construction costs for all projects under Phase II.

- **Total for Phase II estimated expenditures = $64,748,000**
- July 2014 revenue of +$40,000,000
- July 2015 revenue of +$22,000,000
- **Remaining balance of $61,752,000**

Trustee Goodman asked if the revenue included the NFL grant and Mr. Hogan said it did not.

Phase III (August 2015 – August 2017)

- Starting balance of $61,752,000
- **Total for Phase III estimated expenditures = $68,700,000**
    - Construction of Buri Buri and construction/renovation at Parkway Heights, SSFHS and Martin = $55,000,000
    - Program costs - $3,200,000
- July 2016 revenue of +$7,000,000
- **Remaining balance of $52,000**

Phase II and III projects not included – "Below the Line"

- Science classrooms at Alta Loma, Westborough and ECHS = **$9,100,000**
- Restroom renovation (at sites where modulars don't include restrooms) = **$9,679,000**
- Future seismic retrofits – cost TBD

Trustee Weise said he is concerned that Science classrooms and ADA compliant restrooms are "below the line". He stated that the District is part of a vibrant Science community and current classrooms are adequate. The Superintendent said additional monies, the NFL grant and redevelopment dollars may be used to subsidize the projects. President Bush stated that the Science classrooms definitely needed to be above the line and suggested a study session to review projects along with additional monies mentioned. Mr. Weise asked if the additional funds were factored in, which projects could be included. Mr. Hogan replied the Science classrooms. Trustee Hoch inquired about all restrooms being ADA accessible. Superintendent Hogan said they all currently meet the ADA requirements of the time they were built but if a building is renovated the restrooms must conform to new ADA standards.

Trustee Goodman said the Board knew there would not be enough Measure J money for all the District needs but the Bond team had been tasked to aggressively leverage the existing funds. Mr. Hogan replied that that the State funds are gone and they will not match projects but the District is on their waiting list for future funding.

Trustee Hoch asked about the Chevron energy rebates and that the anticipated savings is not being realized by the District. Assistant Superintendent Patricia Ernsberger told the Board the District has received $130,000 to date. Mr. Hogan pointed out that the solar installations just went "live" and the rebate only represents a few months of savings.

Trustee Normandy said the list of Bond priorities, established in 2011,

for portables, does not match the proposed expenditures. The Superintendent responded that the costs for infrastructure were not included. He also said the list of Bond priority projects were assessed along with promises made to the SSF community and they are staying within their means. Some items cannot be funded. He stated there is a possibility of a future Bond which would help fund projects such as additional athletic field improvements.

Trustee Goodman said the Board is not responsible for creating the Measure J project plan and directed Cabinet and the Bond team to reprioritize it to include Science classrooms.

Superintendent Hogan introduced Bond Program Director Larry Scott who reviewed the **particulars for Phase II and Phase III** as follows:

Modulars

- Four sites were selected, based on the largest number of existing portables to be removed and their summer availability.
- These sites are Skyline and Monte Verde elementary schools, Alta Loma middle school and Baden high school.
- Schematics for modular removals at the four sites were presented.

Mr. Scott told the Board the 15% contingency dollars included in the phases could be used for "below the line" projects. He also confirmed that change orders had been factored into the costs.

Playgrounds

- Board received proposals from finalists Miracle Playsystems and Game Time Company.
- Principals, teachers and some parents selected Miracle Playsystems, which is being proposed for approval tonight.

Athletic Fields

- Beals Alliance presented proposals for both ECHS and SSFHS improvements to the Board.

President Bush reiterated the need for a Board study session on Measure J Phase II and Phase III.

N. CONSENT AGENDA:

MOTION # (Weise/Goodman) to approve Item 1a, Minutes to the Special Board Meeting, October 4, 2012; Item 1b, Minutes to the Regular Board Meeting, October 11, 2012; Item 2a, ECHS students to attend the "Teen Leadership Challenge 2012" in Occidental, CA; Item 3a, Certificated Personnel Assignment Order; Item 3b, Classified Personnel Assignment Order; Item 4a, Purchase Order Listing, September 1 – 30, 2012, 2012; Item 4b, Warrant Register, September 1 – 30, 2012; Item 4c, Cash Receipts, September 1 – 30, 2012; Item 4d, Miscellaneous Cash Receipts, September 1 – 30, 2012; Item 4e, Gifts to the District for

September 2012; Item 4f, Declaration of Surplus Property. Motion Carried (Unanimous)

INFORMATION/DISCUSSION

1. EDUCATIONAL SERVICES

a. Los Cerritos collaboration Wednesdays

Trustee Hoch questioned if this is a negotiated item. Superintendent Hogan replied that CTA has approved the proposal. Principal Celeste said the site went thru the formal process and CTA signed a waiver of approval in April 1, 2012. She and teachers Chandra McKeon and Denise Steffey outlined the proposed changes in the current Los Cerritos schedule to allow more time for teacher collaboration as follows:

Who is involved in the early release proposal

- Over three years Los Cerritos site leadership helped build strong teacher leaders. The school exited Program Improvement in 2010 and within two years increased their API by 70 points. The site is fully implementing the five District Initiatives. There is 100% teacher faculty buy-in and involvement in school-wide reform and collaboration.

What is the proposal

- Staff is proposing every Wednesday be an early release day with students being dismissed at 1:30 pm. Two Wednesdays would be teacher directed using the Collaboration Planning Report. The other two Wednesdays would be principal facilitated collaboration.

How instructional minutes will be made up

- Ten additional minutes would be added to Mondays, Tuesdays, Thursdays and Fridays for a total of 120 minutes each month.

Purpose of early release

- To continue the collaborative momentum, refine researched-based signature practices, establish the norm that collaboration time is sacred, support all staff in their professional development and to monitor the academic progress of all Los Cerritos students.
- All stakeholders have been informed about the proposal. The idea of having a consistent Wednesday schedule has been well-received by parents and after school programs.

Accountability

- Will be tracked with agendas, minutes, data analysis, SMART goals, student intervention plans, lesson plans and teacher

reflections.

Mr. Hogan said the revised schedule would start in the second semester of the current academic school year.

Trustee Goodman expressed concern that while parents were informed of the proposal, the Board, thru Cabinet, should have been told.

Trustee Phil Weise said collaboration has proven to be beneficial in the student experience.

b. "Race to The Top" application

Superintendent Alejandro Hogan introduced Assistant Superintendent Shawnterra Moore. She said that due to the tight timeframe and extensive application process, Cabinet is not ready to move forward on submitting an application for this grant. Dr. Moore told the Board that the District is looking at ways to enhance their data warehousing system and evaluation process. Trustee Weise asked if the District would develop a system to track teacher performance by tying it to student grades and Mr. Hogan replied they would not.

3. BUSINESS SERVICES

a. Measure J/Approval of Educational Specifications from DLM

Trustee Weise stated Ed Specs are not required by DSA, but the District could have applied for additional funds with them. He said that since those funds are no longer available the $250,000 expenditure was not necessary. However, since the District has already paid for the work, he would vote for approval.

MOTION # (Weise/Normandy) to approve the Deems Lewis McKinley, Inc., Educational Specifications for Elementary and Middle Schools. Motion Carried. (Unanimous)

Trustee Hoch left the Board meeting at 8:45 pm due to illness.

b. Measure J/Approval of Contract with Miracle Playsystems

MOTION # (Weise/Normandy) to approve the contract with Deems Lewis McKinley, Inc., for modular site designs.
Motion Carried. (Unanimous)

f. Measure J/Approval of Master Plan for Phase II and Phase III

COMMUNICATIONS:

SSFHS Principal Dr. Anthony Limoges spoke as a stakeholder and said “athletic fields” is a misnomer and the project involves a total PE classroom facility which would serve 880 students. He further said the community structure tied to improvements would help to combat violence in the District.

Jim Chazer, a resident, told the Board athletic fields are an embarrassment to the high schools and SSF. He said while scholastics are important, this is an opportunity for the Board to fix the problem with the fields.

Trustee Goodman said Cabinet is directed to include Science classrooms in the list of Bond projects since additional money is available.

MOTION # (Weise/Goodman) to approve the Tentative Master Plan for Phase II and Phase III of Measure J Bond projects with the inclusion of Science classrooms. Bush and Normandy voted no. Student Trustee Alex Moreno also voted affirmatively.

It was then stated that a 3-2 vote passed the motion.

REVIEW OF FUTURE AGENDA ITEMS AND MEETINGS

Trustee Goodman brought up the ByLaw dealing with the 6:30 pm start time of Board meetings. Trustee Weise said closed session should begin at that time, followed by a 7:00 pm start of open session. President Bush and Superintendent Hogan will review the matter.

SUMMARY OF BOARD DIRECTIVES - None

GOOD AND WELFARE

President Bush thanked the community for attending this meeting and said the Board took their thoughts and comments into consideration on issues presented. She looks forward to moving forward on Bond projects.

Ms. Bush said SamTrans is proposing route changes within SSF and informational flyers are available for the public at tonight's meeting. (This information is also available on the SamTrans website.)

Dr. Moore congratulated the hard work of the District's students, staff and parents on gains made in API scores from 2011 to 2012. 87% of SSFUSD schools scored above the 800 mark. Two elementary schools scored more than 900 points: Buri Buri at 901 and Monte Verde with a 23 point increase to 915. She also acknowledged the 29 point gain for Parkway Heights. Dr. Moore said she is proud of the progress at all the sites. (Detailed information on STAR testing and 2012 results are available on the District website.)

Jake Jacobson, a resident, said the Board should have revised tonight's meeting agenda so audience members, students in particular, who attended for the athletic field's issue, could have seen the conclusion.

ADJOURNMENT – 9:14 pm
